

Maintenance Electrician – Level I

Location Upper Deerfield River, Monroe Bridge, MA

Role Maintenance Electrician – Level I

Contract Type Regular, Full-time

General Information

This recruitment is based on the terms and conditions as outlined in the Collective Bargaining Agreement.

Please note that this is an entry level position, however, depending on the qualifications of the applicants, the successful candidate may be offered a position at a more appropriate level.

Responsibilities

The successful candidate may be responsible for the following duties:

- Performing electrical work, including Lock Out Tag Out (LOTO) of high voltage electrical and other stored energy apparatus
- Routinely work independently completing more advanced O&M task packages as assigned
- Supporting senior qualified maintenance staff in the execution of scheduled and unplanned maintenance activities
- Active control of low to high risk service providers
- Troubleshooting various electrical problems
- Required to work scheduled and unplanned maintenance activities
- Responsible for starting to develop a working knowledge of company policies/practices/methods/operating procedures
- Active participation in a variety of water management and operational support functions.
- Other related duties as assigned

Qualifications and Education

- Must possess advanced PC skills
- Graduation from a recognized and related technical program or equivalent combination of education and experience
- Strong preference for candidates possessing a journeyman or master electrician license
- Must possess advanced print reading and trouble shooting skills
- Requires roving between all hydro sites
- Must be able to lift/push/pull 100 lbs. on a repetitive basis.
- Must have and maintain a valid driver's license
- Position is within an automatic progression stream based on successful completion of prescribed time limits and established written and practical progression test

This position is represented by the IBEW Local Union 486. The filing of this position is subject to the terms and conditions of the governing collective agreement.

Because of the nature of our business, it is necessary that employees work a reasonable amount of overtime – planned and unplanned – which may include nights and weekends.

Please note, this is a safety sensitive role and will require the successful candidate to undergo and pass a pre-employment medical exam.
